**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We have fiberoptic internet connection from sonic.net, a local provider and the service has made a big difference in our lives. Prior to this, we can Comcast who always seemed to be raising the prices incrementally and forcing bundle packages on us. The speed was not great and when sonic.net came, we jumped at the chance to switch; saving us money and allowing all members of the family to be online while I was able to work from home and video conference in. Internet is vital to our way of life and allowing for competition in the broadband market forces providers to give better service at lower rates.

Dont hike prices and dont eliminate competition.

Thank you.
